

Dear KIPP Newark Families,

As we anticipate our first big snowstorm of the winter tomorrow, we hope that everyone continues to stay safe inside! Please read on for updates about **a great opportunity to access STEM and craft kits for your scholar, our hybrid reopening video, meals over winter break, and uniform information!**

## STEM and Winter Craft Kits

Looking to make learning fun this winter break? KIPP and Unapologetic Parents are working together to engage our families and enrich our scholars during this winter break, by offering STEM and Winter Craft Kits. **Please visit [www.unapologeticparents.com](http://www.unapologeticparents.com) and complete the entire "Request a Kit" form in order to receive one for your scholar. All kits will be distributed on a first-come first-serve basis, and are delivered to your homes.** Kits will be delivered until December 29, 2020. Request yours today!

While you're on the website, please also take a moment to learn about other efforts we're involved in to preserve our schools, activate our parents and educate our entire community. Importantly, this spring, we will release the results of the Newark Parents' Agenda. The Newark Parents' Agenda is designed to survey and then to empower the voices of parents and provide directions to leaders around parent needs. We are encouraging all parents to participate in the survey, which can be found on the website under Newark Parents Agenda.

## Family Reopening Video

Several families have asked what hybrid learning might look like once we reopen, and what safety protocols will look like in action. Here is a video that shows what our schools will look like in our hybrid model. Check it out to learn more about what classrooms will look like when we reopen, the schedules, arrival procedure, and the safety measures we are taking [here](#).
