ABOUT KIPP SPARK ACADEMY

Located in Newark's central ward, KIPP SPARK Academy was founded in 2009 with 100 kindergartners. Since then, SPARK has grown to educate over 500 students in a fully-sized K-4th grade school. Upon completion of elementary school, many SPARK fourth graders have the option of moving onto to one of our four Newark middle schools.

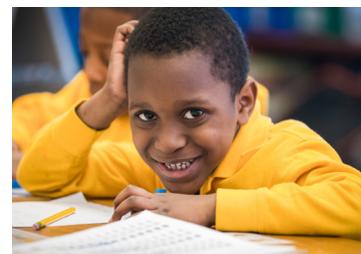

ABOUT KIPP NEWARK

KIPP Newark schools are part of the nationally recognized "Knowledge Is Power Program" non-profit network of college preparatory, public charter schools educating elementary, middle, and high school students. In 2002, KIPP Newark first opened its doors in

Newark's South Ward as a single class of 80 fifth graders and has since grown to teach over 5,266 students in grades K-12 in Newark. Our goal is to enroll 7,800 students across 15 schools in Newark. Eighty-six percent of KIPP Newark students currently qualify for free or reduced meals.

KIPP Newark alumni earn college degrees at more than three times the national average for students from low-income families. By offering highly effective educators with strong bonds to families, more time in school learning, services that support a variety of student needs, and a culture focused on achievement, our students are on the path to and through college.

"SPARK Academy went above and beyond what my expectations were for any school." -KIPP SPARK ACADEMY PARENT

WHAT MAKES KIPP SPARK ACADEMY UNIQUE?

WE ARE NEWARK, NEW JERSEY

SPARKsters learn early and often to leave a place better than they found it, and that applies to Newark as much as the hallway in their school. Through service learning projects and character education, they learn to be the change in our city.

TEAM AND FAMILY

Parents have teachers' cell phone numbers to ask questions, attend Saturday schools for kindergarteners, and participate in family focused events throughout the year.

There's also a family association of parent volunteers committed to strengthening the partnership between scholars, the school, and the community.

TO AND THROUGH COLLEGE

From day one, students are on a path to college. Classrooms at SPARK are named after colleges, grade levels are named after the year kids go to college, and students visit and learn about colleges throughout the year.

HOW ARE STUDENTS PROGRESSING?

TRACKING PROGRESS

Our classrooms use the highly-reviewed iReady platform to track math progress and the Lexia program to benchmark progress in foundational skills for reading. Student reading progress is also evaluated through quarterly Fountas and Pinnell testing. These tools allow teachers to hone in on areas of strength and growth for each student, in order to inspire continuous improvement and a personalized approach to instruction.

PROGRESS REPORTING

We collect hundreds of data points on each of our students throughout the year, and send them to families weekly to keep them informed of their students' progress. Students are tested throughout the year to make sure they are learning, so we don't just rely on state tests to know if they are on track. Teachers have custom-built dashboards to make this data actionable on a daily and weekly basis.

MEET TAMIKA KILLINS, SCHOOL LEADER

Tamika's 20-year career as an educator and leader began in Petersburg, VA, where she worked as a fourth-grade teacher. She brought her lifelong passion for education back to her home state in 2012 when she joined KIPP SPARK Academy in Newark, NJ. As an educator she was known for her engaging lessons, as well as strong classroom culture and relationships with families. In 2017, she became the dean of students at SPARK before being named KIPP SPARK Academy's school leader in 2020. Tamika holds a bachelor's degree in Elementary Education from Virginia State University. Her 20-year career as a teacher and leader began as a fourth-grade teacher in Petersburg, VA. In her spare time, she is a Girl Scout troop leader, the Secretary of her church education board, sings on the choir, and spends time with her husband and their two daughters.
