

Lunch - Offer versus Serve Policy 2023-2024

Name of Local Education Agency (LEA): KIPP Cooper Norcross Academy

Implementation Date: August 15, 2023 - June 14, 2024

Implementation Schools: Offer versus Serve is implemented in all schools in TEAM Academy Charter Schools, Inc.

Offer versus serve (OVS) is a policy for reimbursable meals that allows students to decline a certain number of food components in the meal in order to reduce plate waste and food cost.

A school lunch eligible for federal reimbursement shall offer five (5) food components in the appropriate amounts per grade grouping:

1. Fruit
2. Vegetable
3. Grains
4. Meat/Meat Alternate
5. Milk

Students are allowed to decline two (2) of the five (5) required food components, but must select at least $\frac{1}{2}$ cup of either fruit (or fruit combination) or $\frac{1}{2}$ cup of vegetables (or vegetable combination) or $\frac{1}{2}$ cup of a fruit/ vegetable combination.

After taking the required $\frac{1}{2}$ cup fruit or vegetable, students must select at least two (2) additional components in the full amounts (per grade group requirements) to count toward the reimbursable offer versus serve meal.

School staff cannot require a student to take a particular food component (except the required $\frac{1}{2}$ cup fruit or vegetable). It is the student's choice to select three, four or all five components.

Prepackaged meals such as bagged or "grab and go" meals are allowed under OVS. School staff is encouraged to offer some food components/food items with choices (e.g. fruit basket) and/or the option to decline a component/item, such as milk.

At each of the schools, school food service staff are trained annually on the OVS policy. Signs are also posted to assist students in identifying a reimbursable meal under OVS.
